

Clara J's Tea Room will be Reopening Responsibly on **Tuesday, May 26<sup>th</sup>**.

**Lunch Service:**

**Tuesday - Saturdays, 11:00 a.m. to 2:00 p.m., Proper Tea served Wednesday - Saturday's by reservation only.**

We do ask that our guests make reservations or call ahead for seating, as we have reduced our seating capacity to meet the Ohio standards. Take away will still be available served curbside when you arrive.

What are we doing at Clara J's to prioritize the health of our team and our guests while maintaining a responsible reopening? We have adopted the "Ohio Restaurant Promise" which combines all the mandatory restrictions from the State of Ohio and the rigorous recommendations from the Ohio Restaurant Association to ensure the absolute best experience for our team and guests.

We will continue to be proactive in maintaining safe sanitation practices with all team members carefully following the high safety and sanitation standards required to operate a food service business in Ohio, and specifically Lucas County. Currently all staff are completing ServSafe® Food Handler class and certification, and all chefs are current with their ServSafe Manger Food Protection Certifications, as well as each currently holds an Ohio Department of Health Certification in Food Protection.

All staff will continue to perform a daily symptom assessment and stay at home if they are symptomatic.

All team members will be wearing facial coverings. We request that our guests wear face masks as well, before and after your tea and meal.

Employees will continue to regularly wash their hands between serving, clearing, brewing, preparing, and cleaning. Team members will continue to use single-use gloves for handling ready-to-eat food as specified by the Lucas County Health Department. Service staff will also wear gloves for clearing used dishes and flatware to protect themselves as well as avoid cross contamination.

We are maintaining social distancing per the guidelines of the CDC and State of Ohio. Maximum party size guidelines will meet the 10 guests per party, per room.

All cash or credit card transactions will be handled by only the front desk staff, to allow servers to maintain a higher degree of sanitation while serving our guests.

Hand sanitizer will be available at each table, the front desk and server station, and hand sinks are available in the kitchen (staff only) and restrooms.

We will clean and sanitize regularly, including all high touch areas at least every two hours. As well as tabletops, chairs, and change linens between each seating.

Self-service items on tables have been removed but will be available upon request. Menus are single use only

We are committed to "Ohio Restaurant Promise" so everyone understands and meets the steps we all must take to keep our communities safe.

*Welcome Back! We have missed you!*
